So, I know a LOT of people are ranting about book ten- Darkness of Dragons.
But why waste BEAUTIFUL threads, when you can write on the one that was meant for it?
I thought, *well, why don't I make a thread for it right now?*
And I did it. This is the thread. Go ahead, tell me EVERYTHING you don't like about DoD.

Here are my thoughts-

Tui changed the characters, mostly Winter, for a few ships! Winter was nice back in WT, but he is quite weird. So is Moon. She was kind, nice, and loving, but Tui forgot that, apparently.

A DoD RANT THREAD! COUNT ME IN!

Moon becomes more of a Mary Sue than before, and now randomly likes Qibli, when she never had shown she did before. Did she forget that moment with Winter in the Rainforest?

Qibli is a Gary Stu. I liked him fine before, but in DoD he becomes the Wings of Fire version of Sans or Foxy. Not to mention, he gets the girl, and makes seemingly no mistakes.

Winter's personality and character development went out the window so that Qibli and Moon could be poorly stuck together with five year old Elmer's glue from Walmart. Not to mention, he DOESN'T CARE when Qibli waltzs off with the girl he loved!

Other ship things that bothered me:

Winterwatcher didn't happen despite it being best for the characters (read my post on why I though it WOULD happen for context).

Umbli didn't happen, despite it being the cutest thing ever.

Lynxfall hasn't been confirmed, despite how well that might work.

Umbter (Winter X Umber) will probably never happen, even though it would also be very cute.

I would have totally ditched Winterwatcher if Qinter had happen. But guess what. IT DIDN'T, even with Qibli poking at it SO MUCH.

What's the worst, is some Moonbli shippers are shoving it in the faces of those who don't ship it. JUST because it's canon doesn't mean it's better!

I agree COMPLETELY. It felt like other dragon's character arcs were shoved aside for Qibli's! We didn't get a satisfying resolution to ANY of the Jade Winglet's stories. And Moonbli felt SO AWKWARD and SHOVED IN too.

Also, the ending. It seems like JUST Moon and Qibli will be who we'll be hearings rom in the third arc. No one else. And I was *hoping* to get PoVs from some other characters, like Anemone, and Kinkajou. But no. As far as we know, the third arc will just be Moon and Qibli. Gary Stu and Mary Sue Moon and Qibli. I'm really only looking forward to the eleventh book to see if Moon and Qibli go back, get their friends, and then go to the lost continent. The only other thing is that I want too know what the dragon from the lost continent is like.

I haven't read it, but I'm not really sure what I think about Moonbli now. I've always shipped it, and Qibli's been my favorite character of the arc. Unlike what some of the people on here have said, I can see yh moments where Moonblie worked, but now I'm confuzzled.

I feel like Moon's, and a bunch of other characters for that matter, personal story arcs kinda get shoved aside.
And the out of character moment, to put it in perspective, the entire book seems like an out of character moment.
What, this character's personality doesn't fit with the scene? Throw their original personality out the window!
Peacemaker is adorable, I love him, but I don't like how his "entrance" the last we will probably ever see of one of the most developed characters, probably ever
Also Moon and Qibli were Mary Sues/Gary Stus
I didn't like it, I am angry at the fact that DoD was the one I had to wait about seven whole months for.

I didn't like (among other things) how Anemone and Tamarin suddenly became a ship. Not because of same-gender shipping or anything, but because it felt forced. Like, when they mentioned that, I was like,

"*blinks* where did that even come from?"

there was literally no lead up to it. Anemone and Tamarin weren't even in the same Winglet for pete's sake, so I don't understand how that whole thing could have happened. Also, Tui made no mention of it until the end, so I think she just through that ship in their to please the LGBTQ+ people, and she knew they wouldn't question how that ship just suddenly happened because they were just happy that they got that kind of ship.

Now I'm Not against LGBTQ+. In fact I lean towards supporting it. However, I question how that whole ship came about, and would have been much more satisfied with it if Tui had atleast given some little hints and nudges towards it, but she didn't.

it was just all of a sudden, BAM, ANEMONE LIKES TAMARIN FOR WHATEVER REASON.

I just would've liked to see that have a more developed background instead of it suddenly popping up for no reason other than to give people a LGBTQ+ ship.

Because I like ships being developed rather than all of a sudden popping up for no reason with no background or hinting at them liking or even interacting with one another.

and I guess you could say it was more "context" or "background out of the scenes" stuff, but if that's so, then I just wish Tui wouldn't have been so vague up until the end about it.

Thank you *so* much for making this thread.

Ok so first of all, Moon and Qibli definitely became a Mary Sue and Gary Stu. Like really? They were (mostly) never like that, especially Qibli (Moon was a bit of a Mary Sue the whole time but it got worse).

So then their personalities were changed, it seems, just to make Moonbli happen?? When Moon never showed any feelings for Qibli??? Until like, the epilogue?????? And Winter. Winter was an amazing character in WT. But then he was changed, for no reason, even after the spell, JUST for Moonbli to happen. And then he didn't even care??? The real Winter wouldn't have gotten over it that easily.

Next, the Jade Winglet characters who had books before this one, explaining their character and everything? Moon was nice, shy, helpful, caring. NOPE. Not anymore, apparently. Not in DoD, where Moonbli *had* to become canon. Winter's whole thing with becoming a better dragon? GONE. So Moon didn't have to pick him, cause you know, he's being grumpy again. For what? So a different ship can become canon??? Turtle, and his dream of being brave am doing writing great stories and being the main character of those stories, Andy how his character developed because of this dream? COMPLETELY THROWN OUT THE WINDOW. Turtle was essentially ignored in this book, until the end where they helped him escape, gave him back his animus powers in a split second, and had him come up with a few spells during the battle. But you know, he couldn't have a big part in the story so there'd still be room to shove in really extremely forced awkward Moonbli moments.

Those really, extremely awkward forced Moonbli moments bugged me to death. They had literally no moments together in previous books, except for friend moments? Where they were *just friends.* And then these moments are crammed in at the worst possible times?? Just so a ship that would have never worked out if everyone's personalities stayed the same, became canon?? There were like one or two Winterwatcher moments in the book, and they actually made sense, because in previous books they had moments too. So basically Moonbli made no sense whatsoever.

And finally, why in the blazes did they not tell Winter what happened to Darkstalker?? Maybe because of his changed personality?? Cause oh no, he's gonna get mad now since he's a completely different dragon? Do you consider him a friend, Moon, Qibli, whoever it was who decided not to tell him (probably Moon)?? Does he deserve Moon as a friend, if she can't even tell him where the big evil dragon ended up????? And you didn't tell him about the Lost Continent, did you?? But ya know, they're still *such* great friends. Cause Winter got over Moonbli in the blink of an eye, which makes complete sense. His friend who knows he has a crush on Moon is now with Moon, and he doesn't even care?!?!?! So they're just leaving Winter in the dark now, not telling him things he COMPLETELY deserve s to know.

Anyways, rant over. Besides these few things, it was a good book.

RANT TIME!!!

I whole heartedly agree with you guys. Moons a Mary Sue, Qibli is a Gary Sue, and they just shove Winter away for Moonbli! At the beginning Sunny seemed like she would be an important character to me so I was hoping we could get some Sunibli and Winterwatcher to fix the love triangle thing. There were so many Winterwatcher in the other books and they were just shoved aside! I felt like we could get some character development for Sunny, Anemone, and Kinkajou but nooooo it's the Qibli show in book 10. Well I would be fine if it focused on Qibli more then the others but it was Just Qibl, on Qibli, and Qibli in the book. And he was perfect! Just give Qibli some flaws and I will be fine with too much Qibli. But he was just too perfect for me in the book. And Winter was suddenly a jerk for no reason! He had so much character development in WT but that was thrown out the window! Just ughhhh. There could have been a chance for Sunibli and Winterwatcher if Tui just took the chance and gave Qibli flaws and fixed Winter.

Oh, also, Kinkajou just *wrote* the spell on Darkstalker's scroll thingy. It wasn't *her* idea. (I think). So why would *she* get all the credit? It should be 'The Epic Legend of Foeslayer'! And it was Darkstalker's scroll. So maybe... 'The Epic Legend of the Second Arc Characters'?
Sorry, I just am a little angry with Kinkajou sometimes. (Mostly because she THREATENS dragons)

Anyway, Winterwatcher used to be my favorite OTP, until I suddenly liked Qibli. I still liked Winterwatcher, and until Moonbli came along and RUINED the characters, I was regretting trying to go for Moonbli. Why would Winter EVER give up Moon for SCAVENGERS? Also, Winterwatcher is the better choice, because it wouldn't have drastically changed the characters. Sure, Qibli would be kinda sad, but he has Thorn! He probably wouldn't care as much as Winter would, if Tui hadn't changed them!

I think Tui changed Qibli. He was my FAVORITE character because I thought he was so cute, kind, funny, and clever. He made mistakes, and tried to make friends. I also never really thought that he ever liked Moon as much as Winter, but clearly, just to make Moonbli happen, she made him suddenly ADORE Moon.

More ranting later!

The things I'm most mad about are the fact that the entire book was full of "Winter is a grumpy jerk who cares about him". Tui trashed his character in DoD. It's ridiculous. And I don't really like Qibli much anymore.

And then Tui ruined Darkie forever and always. I am INCREDIBLY MAD about that.

I liked the book, but one thing REALLY bothered me.

I felt really bad for darkstalker at the end.

The MCs had been telling him the entire series that enchanting dragons was wrong, then they go and do it right back to him.

IT MADE HIM A COMPLETELY DIFFERENT DRAGON!!!! ARG!!!

You can't just say, "It's for the greater good." and than completely change a dragon. That's no better than darkstalker himself.

They should have done something else. Took away his animus powers, and made him look like a normal nightwing.

RANT TIME!!!:

So i literally just finished DoD luke 5 minutes ago, and i am going to rant the heck out if this place! WHAT HAPPENED TO WINTERWATCHER?????? I THOUGHT QIBLI WAS GOING TO BE A TRUE HERO AND GIVE UP MOON SO EINTER CAN KEEP HER, AND THEN QIBLI GETS SHIPPED WITH THE *NEW DRAGON* FROM THE LOST CONTINENT!!!! okay let me calm down first. Another thing for part 1 and 2 of the book the onky ship i actually noticed was not winterwatcher, or moonbli, or turtajou, Not even Tholder, IT WAS QINTER. do you want to know why????! how winter kept insisting on helping qibli and how he heroically entered and demanded on the helping, then how guilty he got when he attacked poor qibli and how he helped qibli and everything. it just felt right.

Finally, (holy moons what am i saying,i still gotta whole list to rant about.) Anyways, I'm quite confused about how thorn and smolder came *a thing,* and how everyone else is ok. and don't get me started on what happened to Sora or Umber; They just went poof. i had a theory about Sora that she was the mudwing killed for scarlet to make the fake glory head, as double revenge for messing with her DoD assassination plot, But we never foynd out, and what happened to umber???? Turtle said he will Go look for his clawmate when it was all over?? HE IS SITTING BYBY SOME LAKE TALKING TO KINKAJOU READING OVER A LETTER IINSTEAD OF DOING THAT!!!!!!!!!!! im sorry. I think this is the final rant? idk. but FINALLY. What about that random letter that smolder sent to Prince vermilion? Hmmm????? I actually was going to ship them when i read the letter i was all like. *Oh! whats this? has the two prince decided that there miserable lives should combine inlove?????* clearly i was wrong. Also what

happened to Aukliff? And flame? And VULTURE??? WHERE DID HE GO??? YOU JUST LET A CRIMELORD ROAM FREEEEEEEEEEEE???????????!!!

guys my hands are tired I'm going to cut this rant short. please stay tuned for the Rant episode Two coming maybe when someone replies.

Yeah, it felt like Tui put Qibli up on a podium, REFUSING to let ANYONE ELSE be important. She TRIED to give him flaws, but those felt weird and random. And I was GOING to list out specific characters here, until I realized EVERY SINGLE CHARACTER that ISN'T Qibli felt ignored.

Holy moly I couldn't agree more. It seems as if Winter's luck was just thrown into the ocean, and him being completely overshadowed by Qibli's seemingly too perfect accomplishments. And I was thoroughly disappointed with Moon's character in this book. It seems as if she completely forgot about all those sacrifices Winter made, along with practically throwing away his whole life just to see her again. It's almost as if Qibli and Moon were forced to grow a relationship at an awkwardly fast rate. And whenever a new setting rolls in, action comes charging back, giving them no time further to develop their character and the stories's lore. In my opinion, this book was incredibly rushed, with all sorts of scenes crammed into one book. And the situation with the love triangle was poorly dealt with, with Moon letting go of Winter. Like i said earlier, its as if Winter was thrown into a shredder and with Qibli and Moon forced to develop a intricate relationship within one single book. Book 10 was really, quite a disappointment for me.
